### Who We Are:

The California Resource Recovery Association (CRRA) was founded in 1974 and is California's statewide recycling association. It is the oldest as well as one of the largest non-profit recycling organizations in the United States.

A 501(c)3 organization, CRRA is dedicated to achieving environmental sustainability in and beyond California through **Zero Waste** strategies, including product stewardship, waste prevention, reuse, recycling and composting.

CRRA provides its members with resources to advance local, regional and statewide waste reduction efforts which result in critical environmental and climate protection outcomes.

CRRA's membership represents all aspects of California's reduce-reuse-recycle-compost economy. Our members work for cities, counties, municipal districts, and businesses as well as hauling companies, material processors, non-profit organizations, state agencies, and allied professionals.

915 L Street, Suite C-216, Sacramento, CA 95814
